

Forest River RV Cardinal Fifth Wheels

Forest River's Cardinal fifth wheels are exquisitely crafted and grandly appointed. One of the hallmarks of the Cardinal is quality. Our fifth wheels are built with attention to detail like in the solid oak cathedral cabinet doors and drawers, the built-in entertainment centers, right on down to the residential feel of the bedrooms and bathrooms.

Cardinal has a variety of floor plans ranging in size so you won't have any trouble finding one to fit your needs. There is more than enough room to entertain family and friends in any of the models with the maximized living space. Cardinal also provides additional storage compartments everywhere, like under the seat cushion of a dining chair in some of our models.

The Cardinal has it all, check out the beautiful optional fireplace to warm up the living room on a chilly night! There's no better way to celebrate the joys of the RV lifestyle than with the quality and beauty of a Forest River Cardinal fifth wheel. You just can't go wrong when you choose Cardinal!
