

Fleetwood RV Excursion Motor Home Class A - Diesel

The Fleetwood Excursion class A diesel motorhome will have you living in the lap of luxury just about anywhere you can dream up. That's right, it's a luxury home that comes with 6 wheels instead of a cement foundation. You'll find it hard to believe that you can actually be traveling down the road, or be surrounded by the rustic outdoors in this lavishly appointed RV.

The Excursion is spacious as well as luxurious. Models 39R & 40T both features a full-wall slide which translates into a roomy, full-featured kitchen, a lavishly spacious living room and a bedroom the size of a hotel suite. You may even forget that you've left the driveway once traveling with this much space.

There are four models to choose from this year and all being driven by the 360 horsepower Cummins diesel engine that makes hill climbing and towing easier. That's a lot of muscle underneath this beautiful luxury coach. Looking for taste, sophistication, culture, and 360 horses? Get a Fleetwood Class A diesel Excursion and experience it all today!
